- **Rare Bertone coupé with 5-speed transmission**
- **Original vehicle with well-documented history**
- **Originally delivered in Italy, German registration**
- **Well maintained with H license plate and current MOT**
- **FIA vehicle passport**
- **One of only 704 models built**

Very rare Alfa Romeo Grand Turismo 2000 Sprint Coupé. Only 704 examples of this elegant Bertone coupé were ever produced. The car is in wonderfully preserved condition with charming patina and first-class bodywork. The vehicle's history can be traced back thanks to numerous original documents. We have the first original vehicle registration document from Italy, the registration in the Registro Italiano Alfa Romeo, and an FIA vehicle pass. All three owners from Florence are known, so the vehicle history is well documented. The car has been in Germany since 2015 and has been driven and maintained by only one owner since then. The vehicle will be delivered to its new owner with a fresh MOT certificate.
