

BMW Z1

First Registration:	17.06.1992	Capacity:	2.494 ccm
Mileage:	110.780 km	Color:	Dream Black Metallic
Output:	125KW/170 HP	Interior:	Leather, Black-Green

- German vehicle, complete service history from BMW
- Very attractive color scheme, stainless steel exhaust
- 3 pre-owners, in current hands for 22 years
- Verifiable history with proof of mileage
- Eligible for a “Historic” German license plate

A very well-maintained and original BMW Z1 Roadster in an attractive color scheme. Serviced according to the BMW service booklet by a former BMW employee. This vehicle was originally delivered through the BMW dealership in Bielefeld. Thanks to the original BMW service booklet, which includes many original invoices and TÜV reports, the vehicle's condition and relatively low mileage can be fully verified. Investments have been made in the vehicle on a regular basis, so no maintenance is currently due. New brand-name tires were installed this year. Notable extras include the seat backrests painted to match the body color, the stainless steel exhaust, and the Twintec aftermarket exhaust system, all of which make this a very attractive 1990s roadster.
