- **1 pre-owner, accident-free, checkbook maintained**
- **First delivery via Lueg Sportivo Düsseldorf**

This Ferrari 296 GTB was individually and uniquely configured by its owner at the Ferrari atelier in Maranello, Italy. The exterior color Glossy Verde Francesca (priced 25,000 euros) is a historic color that harmonizes perfectly with the dark red leather in Rosso Ducale. The numerous optional carbon parts were also produced in a special green color. In total, this Ferrari has factory extras worth over 130,000 euros. Before being put into service, the car was professionally coated with stone chip protection film. To date, only 3,700 kilometers have been covered with this Ferrari. The factory warranty runs until September 2026 and the service is included in the new car purchase price until 2030.
