A one-of-a-kind vehicle with a panoramic glass roof and numerous extras, in perfect condition. Originally delivered by Lueg Sportivo in Düsseldorf, this beautiful Ferrari FF has had only two owners to date. All maintenance was performed exclusively at authorized Ferrari service centers in Cologne and Düsseldorf. The vehicle has never been in an accident, and its mileage is fully documented by service invoices and TÜV reports. The ceramic brake system was completely replaced 15,000 km ago at a cost of over €25,000. This Ferrari model stands out above all for its free-revving 12-cylinder engine with a dual-clutch transmission and all-wheel drive. No service work is currently due. The Ferrari warranty remains valid until mid-2027.
