Golf GTI „Special“

First Registration:	19.02.1988	Capacity:	1.760 ccm
Mileage:	96.496 km	Color	Oak Green Metallic
Output:	82 KW/112 HP	Interior:	Grey

- Original Golf GTI “Special” with sunroof
- First registered in Germany
- Special color: oak green metallic
- German registration with Historic license plate
- Full service history (original VAG service book)

This highly original Golf GTI in the legendary Oak Green Metallic color (color code L94E) was first delivered and registered in Heilbronn on February 19, 1988. Registered in Germany for the past 37 years, all maintenance has been recorded in the VAG service booklet, making the low mileage verifiable. The vehicle is in good original condition, with a current MOT certificate, no maintenance backlog, and still makes the hearts of the GTI community beat faster today. Due to its high functionality and drivability, it is certainly also an entry-level classic.
