

## Mercedes-Benz 300 SE Coupé

First Registration:	30.06.1965	Capacity:	2.975 ccm
Mileage:	68.838 km	Color:	Brown DB 460
Output:	125 KW/170 HP	Interior:	Leather, Brown

- Unrestored vehicle with original sales invoice
- Verified mileage of just 68,838 km
- Matching numbers & matching color
- Rare and sought-after manual center-mounted gearshift
- Partially still in original paint, power steering
- German registration with Historic license plate

A very beautiful and authentic coupe in unrestored condition. Thanks to the original service record book, a handwritten logbook, and numerous MOT inspection reports, the vehicle's very low mileage is verifiable. This makes it an absolutely exceptional vehicle.

Originally delivered in Belgium—the first owner drove the vehicle for 15 years—it was sold to the Netherlands in 1980. In 1987, the current owner purchased this beautiful coupe with an original mileage of 53,924 km from a third-party owner. Over the past nearly 40 years, he has driven it only 15,000 km. Service invoices and all MOT reports from this period are available. For lovers of classic coupes, this vehicle is the perfect opportunity to acquire and enjoy a well-maintained and very well-documented classic.
