- German registration with Historic license plate
- 3 Classic Data reports certify condition grade 2

The Maserati Ghibli is a sports car from Italian automaker Maserati that was produced as a coupe from fall 1966 to the end of 1973 and as a convertible from 1969 onwards. Designed by Giorgio Giugiaro, the car gave Maserati a huge image boost, mainly due to its widely admired attractive bodywork. A total of 1,250 vehicles were produced. This beautiful Maserati Ghibli was imported to the Netherlands in 2014, where it underwent extensive restoration at Mugello Engineering BV before the current owner took delivery of the vehicle in July 2016. He went on to invest over €28,000 in the engine and add-on parts. In 2024, the vehicle underwent extensive servicing at Maserati dealer Gohm in Böblingen, covering just 500 kilometers. The vehicle has German registration and an Historic license plate.
