Mileage: 54.113 mls  
Output: 86 HP

Capacity: 2.171 ccm  
Color: Nickel Green  
Interior: Leather, Grey Green

- One of the very last W187s to be built
- Curved windshield
- Curved dashboard
- In Germany for 36 years
- Radio Becker Brescia

This beautiful A Cabriolet was originally delivered in the United States in 1954. In 1988 the car came back to Germany with only 37,000 miles. It has been in same ownership since 24 years and had only 2 owners before. The original leather seats have a perfect patina. Wood and chrome are in very good condition. All switches and instruments work perfectly. Even the rare and highly sought-after Becker Radio Brescia works perfectly. The convertible is largely unrestored and still in its original condition with a light patina. The bodywork is in excellent condition. Only the paintwork shows some signs of age.
