- German registration with H license plate and expert opinion
- Matching number/color with original MB vehicle card
- In current ownership since 2009, previously owned by the same family for 37 years
- Partial restoration by a German specialist workshop in 2010

The beautiful Mercedes-Benz convertible, in an attractive color combination, was delivered to its first owner in Minden-Lübbecke on May 9, 1968, via Mercedes dealer Harald Sieg in Minden-Lübbecke. In the early years, the vehicle was serviced at the same Mercedes-Benz dealership in Minden-Lübbecke. There are a total of 16 stamps in the original service booklet. The vehicle was then owned by the same family for 37 years. In 2009, the current owner purchased the vehicle and had it partially restored by an experienced Mercedes-Benz specialist. As part of this, it was repainted in its original color. In 2024, a Classic Data report was prepared, certifying that the vehicle is in good condition. This beautiful Benz is ready to drive away, including a current MOT certificate.
