## 300 SL Cabriolet R107

First Registration:	20.05.1987	Capacity:	2.932 ccm
Mileage:	253.281 km	Color:	Blue Black Metallic
Output:	132 KW/179 HP	Interior:	Leather, Grey

- Sought-after 5-speed manual transmission
- First registered in Germany, third owner for 28 years
- Well-maintained vehicle in attractive color combination
- Extensively documented, including 3 valuation reports
- German registration with H license plate

This beautiful SL 300 Cabriolet was first delivered on May 14, 1987, via the Mercedes-Benz dealership in Düsseldorf and registered five days later, also in Düsseldorf. The two other registrations took place exclusively in Germany. In addition, numerous invoices from Mercedes-Benz specialist workshops prove that considerable investments were repeatedly made in the technology and appearance of the vehicle. Three value appraisals attest to the beautiful convertible's average good condition. Together with the mileage recorded during the MOT inspections, the mileage can be verified. The vehicle is being sold with a fresh MOT certificate, so the new owner can enjoy worry-free driving. The original hardtop in vehicle color is included in the scope of delivery.
