- **Vehicle with full service history**
- **Last serviced in August 2025, including air conditioning**
- **High-quality interior with partially electric seats**
- **Only 3 pre-owners + one-day registration**

The beautiful 993 Carrera 4 was delivered to its first Italian owner on May 8, 1995, via the Porsche Center in Brescia and was first registered on July 1, 1995. Various services were carried out at the same Porsche Center before the Porsche Center sold the 911 to its second owner on October 16, 1998, with a mileage of 47,634 km. A total of six inspections were carried out at the Porsche Center in Brescia until 2000. At the end of 2010, the Porsche made its way to Germany. The company Junius Sport- und Tourenwagen GmbH in Hamburg provided the Porsche with German vehicle documents (temporary registration) and a major vehicle service before the car was sold to its third owner in Rheda-Wiedenbrück on August 4, 2011, with a mileage of 121,675 km. Due to illness, the well-maintained Carrera was hardly driven by its owner from that point on. It was not until 2025 that he sold the car to an experienced collector from North Rhine-Westphalia, who had a major inspection carried out, including air conditioning and brake service. The Porsche is currently in perfect running condition and is being sold with a valid MOT certificate, also optionally with an H license plate. A very attractive model, very well maintained and ready to go.
