- **Fully documented history; Porsche certificate of authenticity**
- **Original total mileage of only 90,672 kilometers**
- **One of only 187 MFI Targas built in 1975**

According to the Porsche certificate, this beautiful Targa was delivered to its first owner on May 12, 1975, via Porsche Konstruktionen AG in Vienna and was first registered on May 23, 1975. The vehicle configuration included a headlight cleaning system, alloy wheels (7x15 and 8x15 inches), sports seats, a Targa folding roof, a 5-speed transmission, and tinted windows. The engine and transmission numbers also correspond to the factory delivery. The second owner, Mr. Neckam, drove the car for 40 years, from November 1977 to May 2006, covering a total of only 57,225 km. The beautiful MFI then spent its time in a garage. A logbook from those years documents the low mileage. On behalf of Dr. Konradsheim, the vehicle was extensively and well-documented restored by the specialist company "Sport- und Rennwagenservice Stimming" in Bad Segeberg in Schleswig-Holstein from 2012 to 2017. Before the restoration, the odometer reading was 81,336 verifiable kilometers. At the beginning of 2018, the current owner purchased the perfectly restored Targa.
