- **Original paint in special color 347**
- **German vehicle, Porsche full service history**
- **6-speed manual transmission**
- **Previously owned by a prominent sportsperson**

This Porsche 993 was a gift in 1994 from the owner of VDO and two-time Olympic equestrian champion to her daughter, who is also an Olympic champion. The car was delivered on March 30, 1994, via the Porsche Center in Hofheim-Taunus. Subsequently, all inspections were carried out by the delivering Porsche dealer. A carefully stamped service booklet and accompanying invoices document the work carried out. At a mileage of 48,962 kilometers, the speedometer was replaced by Porsche on October 16, 2000. Since then, another 3,140 kilometers have been covered with this beautiful coupé. This results in a total mileage of only 52,102 kilometers.

The vehicle, in the rare unicolor dark blue, still has its original full leather interior, also in dark blue, which is in mint condition. This Porsche will be freshly serviced by Porsche before delivery and will be delivered with four new tires.
