In July 2001, this Wiesmann MF3 was originally delivered to the managing director of a furniture company in Uelzen, who registered it in his name on July 16, 2001. The vehicle has been regularly serviced. This MF3 has now been registered to the current owner for 11 years, during which time he has driven it approximately 3,000 km. The original service booklet contains 10 entries, the first 9 of which were performed by authorized BMW service dealers.

The Wiesmann MF3 Roadster debuted in 1993. The model was built on the chassis of its predecessor, the Wiesmann MF30, but represented a technical advancement. The S50 engine and drivetrain are sourced from the BMW M3 (E36). The inline-six-cylinder engine, with a displacement of 3,201 cm³, produces 321 hp.
