This Alfa Romeo was converted into a racing car for the FIA CT 12 class many years ago. Since then, it has taken part in many car races in Italy. These included the Coppa del Chianti, the Camucia Cortona, the Lo Spino, the Coppa della Consuma and many others.

A year ago, a friend of Movendi bought this racing car and had it refurbished by a specialist workshop for around 10,000 euros. The suspension, tank, tires, seats, etc. were renewed.
